

## Introduction

Pinterest is a different kind of social network. It lets you share items which have pictures in them. A lot of people use it to:

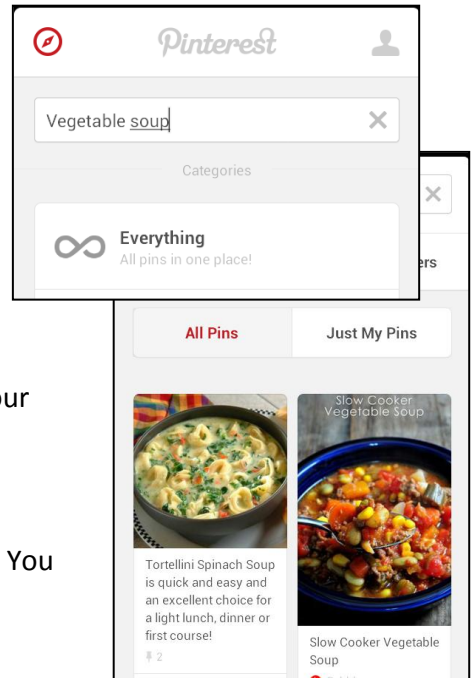

- ✓ Share recipes
- ✓ Arts and crafts they have made or are selling
- ✓ Funny pictures or graphics

## How it works

Unlike other social media, it's entirely picture based

- ✓ Pictures are displayed on a 'pinboard'
- ✓ When you see what you like, you click on it and get taken to the website the picture comes from
- ✓ If you like it you can 're-pin' it, so your friends can see it as well

## Using Pinterest

- ✓ Follow the QR Code to get to Pinterest. You may want to download the app when prompted
- ✓ Type your favourite food into the search box
- ✓ Click on a picture that you like the look of. If you see the word 'website' above it, you can see the website it came from
- ✓ Find boards you want to follow or pin your own links
